HQ PACAF/DOQ

KASC Resources

- KASC
  - Staff of 12
  - Computers -
    - 4XE450s growing to 8,
    - Gigabit fiber backbone,
    - Solaris & PC Thin Client desktops

PACAF CAXs

- January — Yama Sakura (deployed w KBSC)
- March — RSOI & Foal Eagle (w MDA)
- May — Cobra Gold (JWFC)
- June — UFL Load Test
- August — UFL
- December — Terminal Fury (JWFC & C2TIG)

Support Essential From:

- ESC
- JIOC
- AFAMS
- C2TIG & WPC
- Hawaii ANG M&S Program
- JWFC
- Other Contractors

Hawaii ANG M&S Program Status

- Sixth Year of volunteer, Ad Hoc
  - AWSIM Training Equipment Antiquated
- Permanent Flight Intended
  - Billets identified - half dozen full time, 18 part time
  - Awaiting wartime role in AOC or AFFOR

UFL 02 Status

- Exercise Important for
  - Validating 7AF Reorganization
  - Measuring Progress Toward End States
- Funding Shortfall after Load Test
- Experienced-Gamer shortfall
- Skilled Augmentation Shortfall
  - AWSIM ICs: Need 13 = 4XWPC + 2XESC + 1XContracted + ?

Exercise Terminal Fury

- PACOM Priority
- COMPACAF Priority
- OPLAN Exercise
- Hickam AOC Full Standup
- JWFC is PACOM's Funded Simulation Supplier
  - JTLS-Based, Supplemented by AFSERS+JQUAD
  - JECG from Suffolk for TF04

Program Issues

- KASC Support Contract Transition FY02→FY03
- JSIMS
  - 1st Use RSOI 05
  - Installation Feasibility Constrained by Server Space, Power
  - Usability Affected by Higher Operating Cost, Releasability
- JTLS-TBMCS Interface in JWFC-Supported Joint Exercises

Initiatives by Others

- USPACOM Simulation Center Enlargement, FY04
  - Permanent Electronic Linkage to KASC, KBSC
- CINC CFC Initiative to Merge KBSC with KASC
- ROKAF Acquisition of AWSIM
